

ficosagro[®]

Plant biostimulator

**Organic soil
activator**

**100%
Organic**

Biotechnology for agriculture

We transform seaweed to regenerate and boost the soil
optimizing agricultural production

We apply principles of the sea
for use in agriculture

We increase the return from
crops in a sustainable way by
applying seaweed and
microbial complexes

Our BCB technology is valid
for all crops and
environments

ficosagro®

DATA SHEET

ficosagro® is a liquid solution of algae extracts with microorganisms derived from their biological evolution

characteristics

ficosagro® aids the development and strength of plants by enriching the biological potential of the soil

It has individual authorization from the Federal Office of Food Safety (Bundesamt für Ernährungssicherheit), reference BAES-DMT-2018-0167-06, according to art. 9a of the Austrian Fertilizer Law (DGM, 1994), with application areas including agriculture, horticulture, and turf fields for sports use

composition

- ✓ Extracts from Gelidium and Macrocyctis seaweed
 - ✓ Lactic acid bacteria
 - ✓ Citrus extract
 - ✓ Water
 - ✓ polysaccharides
 - ✓ Fungus and yeasts
- Conductivity <2.5dS/m
pH: 3.0-4.0

benefits

- ✓ Speeds up the decomposition of organic matter
- ✓ It is rich in microorganisms that aid the recovery of microflora and microfauna in the soil, helping in their regeneration
- ✓ Improves the absorption of nutrients through the crops' root system
- ✓ Helps unblock and absorb nutrients such as nitrogen and phosphorus
- ✓ Improves crop yields

areas of application

- Product applied by fertirrigation. Do not apply together with other treatment or fertilizers. Use dechlorinated water for the application
- If you apply fungicides/bactericides, wait for 7 days before applying the product ficosterra

dose

- Intensive horticultural: 100 lts /ha
- Strawberries, intensive red fruit: 50 lts/ha
- Vines: 20 lts/ha
- Olives: 12 lts/ha
- Cereal: 10 lts/ha

* For specific application questions, consult our technical department: info@ficosterra.com

Expiration: 6 months from the date of manufacture. Once opened keep in a dark and cool place, at temperatures below 22°C and do not use beyond 3 months after the date of opening.

appearance

Liquid product, presented in containers of 5, 20, 220, and 1.000 liters

storage

Store in a cool dry place | Avoid direct exposure to sunlight | Harmful if ingested | Once opened, keep with the lid closed and consume within a maximum of 3 months | Avoid contact with the eyes | S2 keep out of reach of children | S13 keep away from food, drinks, and animal feed

The product can be used in organic farming in accordance with Council Regulation (EC) number 834/2007 of June 28, 2007, on the production and labeling of organic products. No CL300PAE-02

Product approved under the Austrian regulations "Federal Food Safety Office (Bundesamt für Ernährungssicherheit), reference BAES- D M T-2018-0167-06".
