

# cystium - a

Root growth promoter

Natural  
Rooting Promoter

NEW!

100%  
ECO

## Bioactive compounds

that stimulate root development, optimizing nutrient absorption

### R + D + R

We research and develop innovative technologies with active ingredients from the sea that benefit agriculture and the environment

### Cost-effectiveness

We increase the profitability of crops sustainably and respectfully for the environment.

### Multicrop

We regenerate the soil sustainably and ecologically, allowing better use of the fields.

# cystium - a

## TECHNICAL DATA SHEET

### characteristics

- ✓ Cystium-A is a seaweed extract that, thanks to TRD technology, provides crops with a range of natural bioactive compounds essential for root development and overall plant growth.
- ✓ Cystium-a is obtained from premier biotechnological extraction methods, never before applied to agriculture, which ensures this biostimulant's stability and unique characteristics.
- ✓ Cystium-a is also a base biostimulant, ideal for combination with other agricultural inputs.

### composition

Pure extract of Laminariaceae brown algae

### benefits

- ✓ Naturally promotes rooting, apical development, and cell elongation in the plant.
- ✓ Maximum development and growth of the plant in all its phenological stages.

### application

- Foliar: Apply by spraying the substance, diluted in water.
- Irrigation: Inject into fertigation systems. Apply in the last moments of irrigation.
- Shake before using.

### dosage

- **FOLIAR/ROOT**  
Intensive and extensive crops: 2l/ha
- \* For application or dosage questions, you can contact our technical department: at [ensayos@ficosterra.com](mailto:ensayos@ficosterra.com)*

**Expiration:** 2 years from the date of packaging. Once opened, use within a maximum of 9 months.

**Presentation:** Brown liquid product, presented in 1.000 l, 20 l, 5 l, 1 l.

### Precautionary treatments

P102: Keep out of reach of children | P235+P420: Keep cool. Protect from sunlight | P262: Do not get in eyes, on skin, or on clothing | P270: Do not eat, drink or smoke when using this product | P402: Store in a dry place | P410: Protect from sunlight | P411: Store at temperatures not exceeding 22°C
